Hash Run 1505. 10/4/17 🤾 🏃 🚶 🦓 🧌

On a crisp and starry night 25 brave and fearless runners/walkers/slackers attended Lifers run, of course they only came for the grub, where else in Coffs can you get all you can eat and next nights dinner for \$5? Thanks Lifer much appreciated, food was delicious.

Circle opened at 8:16pm

Darcy was asked about run, said he enjoyed it (of course he did as he was one of the slackers and the only exercise he got was the bending of the elbow .) He complained that he couldn't get a drink before run!

Downs 👎 🧊

Run setters - Lifer and her trustee off sider Rear Ender, they set a challenging course with plenty of chalk, or so they said, I couldn't find any. We went up hills and down dale, through paddocks over fences crossed raging puddles, in other words stayed on the tar. Good walk

Wendy - for stealing all of Tics imaginary friends and he's had these since childhood too, poor Tic will SOMEONE be his friend pleeeease

Paroul, Jock and Jaws - boys didn't your mum teach you to go to the toilet before you left home? Poor Jackass having to put up with such behaviour, although Tic did say they were only marking their territory or were they as one of our renowned songs does sing he wanks his crank in boys again your mum must have told you only behind closed doors!

Paroul - said and I quote "Watery is ugly "should behaviour!!! Poor Watery was so distressed that only a glass of sav blonk could bring her out of her depression. Watery tried to knee him for his hurtful remark but couldn't reach. Paroul was professing innocence. I feel he needs 'Orstranen' lessons.

Paroul (I think he likes the free grog) - all his relos, all 5 of them, wouldn't get of the track, apparently it was because Jackass wouldn't have a coffee with his father, come on Paroul move on! Oh Jackass had to have a down too.

Tic - not stopping to have coffee with Crafty, poor Crafty is going to get a complex if this behaviour continues, I'll have a coffee with you Crafty

Fig. - for only inviting the slow people to join the park run on Saturday, I see no problem with that I'll be there Tic

SOW yes I think it says sow but apparently it is shit of the week - Jackass took the down for me as I was so busy taking detailed notes, bless you.

👎 Returning Runners - ADD, PJ, Rear Ender
